Dear Walter,

I am sorry that I had to be in Washington so much of the time during the meetings of the Committee for National Health Insurance, but I was trying to do what I could to prevent some of the cuts in medical research funds.

I do want to send you the enclosed contribution toward the Committee's work. I think you are doing a marvelous job and that we will surely get some new legislation with you working on it.

With gratitude and all warmest wishes,

Yours,

Mr. Walter Reuther

P.S. I hope you are coming to the November 11th dinner which Mr. and Mrs. William Blair and I are giving in Washington at the Blairs' home in honor of Dr. and Mrs. Egeberg. Secretary Finch and Mrs. Finch will also be there, and it will be a good opportunity to see if we can't make some progress. At least, we will find out where they stand!
